

April 27, 2023

To our Members:

Thank you for being a loyal member of our LifeCenter Plus family. We strive to offer you the best in your fitness and wellness needs, always looking to evolve and improve our services. We are reaching out to inform you about upcoming developments.

As the summer season is quickly approaching along with warmer temperatures, we have been working with our HVAC company on repairs for our main facility areas for better air flow and AC. As considered a top priority, we are targeting a huge improvement on these items by the summer season.

As well, we will be making changes within the next several months in coordination with our HVAC companies, that will replace all HVAC and pool systems within our property for new, greener units. Through this program, LifeCenter Plus will evolve into a clean energy property. Also within this year, LifeCenter Plus will invest and update our locker rooms and some fitness equipment.

We are looking forward to all these improvements for our facility and for our members. We wish to take this opportunity to thank you for your business and for being our loyal member. Please direct any questions to our Membership Team at (330)655-2377 extension 130.

In Health,

Jerry & Sue Lynch, owners
LCP Management
