

January 16, 2023

To our Members:

Thank you for being a loyal member of our LifeCenter Plus family. We strive to offer you the best in your fitness and wellness needs, always looking to evolve and improve our services. We are reaching out to inform you about upcoming changes.

A recent, well-known occurrence throughout the county has been inflation. The US alone has seen a 9.1% inflation rate as of June 2022. That is the highest since November of 1981, and is continuing to climb. We have been able to shoulder a majority of the increases from late 2020-2021, to shield our members as much as possible. Our efforts to provide the best in staffing, facilities, and programming continues to be outpaced by supply/operating price increases, supply/operating challenges, competitive wages, and staffing availability. To make sure that we continue offering the wonderful services, facilities, and team that we can for our members and clients and to ensure proper and continual maintenance on our facilities, we find it necessary to do a couple of changes to our memberships and operations.

Effective February 1st, 2023, there will be an adjustment to our operating hours. This will take a more efficient approach towards our members' facility usage: Monday through Friday, 5:00am-9:00pm; Saturday and Sunday, 7:00am-7:00pm EST. Also effective February 1st, we will be increasing our monthly fees by 4%. Recent new members already have the price increase built into their membership prices.

With these minimal changes, we will be able provide a significant impact in our services to you, our member and customer. This means better turn-around times with maintenance, a competitive provision for staffing, and the capability for facility and equipment updates.

We wish to take this opportunity to thank you for your business and for being our member. We appreciate your understanding about these changes. Please direct any questions to our Membership Team at (330)655-2377 extension 130.

In Health,

Jerry & Sue Lynch, owners
LCP Management
