AQUATICS

LifeCenter Plus swim lessons are Red Cross Learn-to-Swim courses which offer something for everyone! Through a progressive, six-level instructional approach, participants learn a variety of strokes, including the front crawl, back crawl, elementary backstroke, breaststroke, sidestroke, and butterfly. Students are also introduced to a wide range of personal safety skills and diving techniques. Courses are fun and interactive with hands-on training, in a small group setting for individualized sessions!

SPRING SESSION

6 WEEK SESSION (1x weekly)

Session Dates: March 9 - May 2*

NO CLASSES 3/23-4/4

WHICH LEVEL IS RIGHT FOR YOU?

Aqua Kids (ages 6mos- 3): A fun introduction to the water that allows each child and his/her parent to play together while learning water safety and pre-swimming skills. A parent or guardian must accompany each child in the water.

Preschool (ages 3-5): Skills taught in this class build on the skills learned in Aqua Kids without a parent in the water. Your child will further develop basic fundamentals of aquatics readiness.

Level 1, Introduction to Water Skills (ages 4-6): Helps students feel comfortable in the water and enjoy the water safely. Completion of Preschool swim is recommended before beginning level 1.

Level 2, Fundamental Aquatic Skills (ages 5-7): Gives students success with fundamental water skills including front and back crawl.

Level 3, Stroke Development (ages 5-8): Build on skills in Level 2 by providing additional guided practice. Level 3 introduces the breast stroke and dolphin kick.

Level 4, Stroke Improvement (ages 6-10): Develops confidence in learned strokes. Level 4 introduces the butterfly and distance swimming.

Level 5, Stroke Refinement: Provides further coordination and refinement of all strokes.

Level 6, Swimming & Skill Proficiency: Refines the strokes so students swim them with ease, efficiency, power, and smoothness over greater distances.
